

## SAUNDERS AND RYAN

One a Pronounced Candidate for Speaker and the Other is Laying Low.

## THE REPUBLICAN CHAIRMANSHIP.

The Lumburg Cases in the Supreme Court, Only Two Speeches Allowed From Each Side—A Notable Wedding in Ashland—Death of Captain Birdsong—Other Notes.

Richmond, Va., Nov. 26.—(Special.)—A good deal of interest is felt here in the meeting of the State Republican Committee to be held in Petersburg tomorrow night. Hon. Edmund Waddill, Mr. Wray T. A. Night, and others will be in attendance. The matter of the chairmanship was much discussed today but there was no one in a position to state with any degree of certainty just what will be done. Nearly all the leading Republicans of Richmond think Mr. Bowden will be made chairman and Colonel Lamb National Committee man; but there are contingencies that may arise to make it impracticable to elect these. In the event that Mr. Bowden is not elected chairman it is thought the position will be offered to Judge Waddill.

Argument in the celebrated Lumburg case was begun to-day on a motion for a new trial for Mary Aernathy and Pokey Barnes. Judge H. W. Flournoy opened for the prisoners, and was followed by Attorney General Scott, who opposed a new trial. Judge Mann followed the Attorney General's side. Hon. George D. Wise of counsel for the women will close the argument. The Court allowed but two speeches on each side, so Mr. Southall (Judge Mann's associate) and Captain A. B. Gulgon, one of the lawyers for the accused persons, will not speak in the case.

It is not known positively whether or not Mr. Saunders will be a candidate for the Speakership of the House of Delegates, but the newspapers in his part of the State continue to speak of him in connection with the office. As far as is known here Mr. Saunders has not authorized any denial of his candidacy. More than likely he is "laying low" and awaiting developments. Mr. Saunders could hardly hope to defeat Mr. Ryan. The latter has the advantage of being in the office, and besides is more popular with the members than the Franklin county delegate, though the latter is in some respects an abler man than Mr. Ryan.

There will be quite a notable wedding in Ashland in the morning, when Mr. John Skelton Williams will lead to the altar Miss Lella Isaacs. The prospective groom is a member of the firm of John L. Williams & Sons, bankers, and is President of the Richmond Traction Company. Miss Isaacs is a daughter of Mr. William B. Isaacs, Jr., and is a granddaughter of the late William B. Isaacs, who was for so many years Grand Secretary of the Grand Lodge of Masons. Only the intimate friends of the two families will be present.

Capt. M. A. Birdsong, the oldest conductor in point of service in Virginia, died this morning. For twenty-four years he was with the Richmond, Fredericksburg and Potomac Company, and was in charge of the train robbed last fall at Aquia Creek. A remarkable coincidence in connection with this matter is that Capt. Birdsong brought at different times both of the men convicted to Richmond. It is said that Capt. Birdsong took more runaway couples to Washington than all other conductors on his road combined.

As the result of a personal difficulty between Postmaster Joseph Pearman, of Varina, and B. M. Pearman, his brother, the latter swore out a warrant before Justice L. J. Pierce, of Henrico county, charging the postmaster with assault and battery. When the case was called for examination this morning the complainant failed to appear. The charge was accordingly dismissed, and a rule was issued against B. M. Pearman for contempt of court.

The clerk of the County Court today issued marriage license to the following parties: Al. S. Waldrop and Annie B. Spear, and John M. Allen and Margaret Quin, all of the county of Henrico.

Ernest Garthwright, who was recently indicted in the Henrico County Court for cow stealing, was today delivered to Sheriff Nance, of Charles City county, where he will be tried for the alleged offense. The Henrico authorities not having jurisdiction in the case.

At a meeting of the Richmond Chapter of the University Alumni, Col. Archer Anderson offered his resignation as one of the three alumni whose names have been recommended to Gov. O'Ferrall as worthy to fill one of the vacancies on the Board of Visitors. Mr. Rosewell Page nominated Capt. W. Gordon McCabe to fill the vacancy created by Col. Anderson's resignation. Capt. McCabe was unanimously elected. Judge Minor, chairman of the committee to present the names to the Governor, stated that he would at once call his committee together and request the Governor to select as one of his appointees on the Board of Visitors, either Mr. John P. McGuire or Mr. Jackson Guy or Capt. McCabe, the three gentlemen recommended by the Alumni Association.

## BRAMBLETON.

Mr. D. Carpenter and family have now made their homes in their elegantly furnished house, No. 204 Clay avenue.

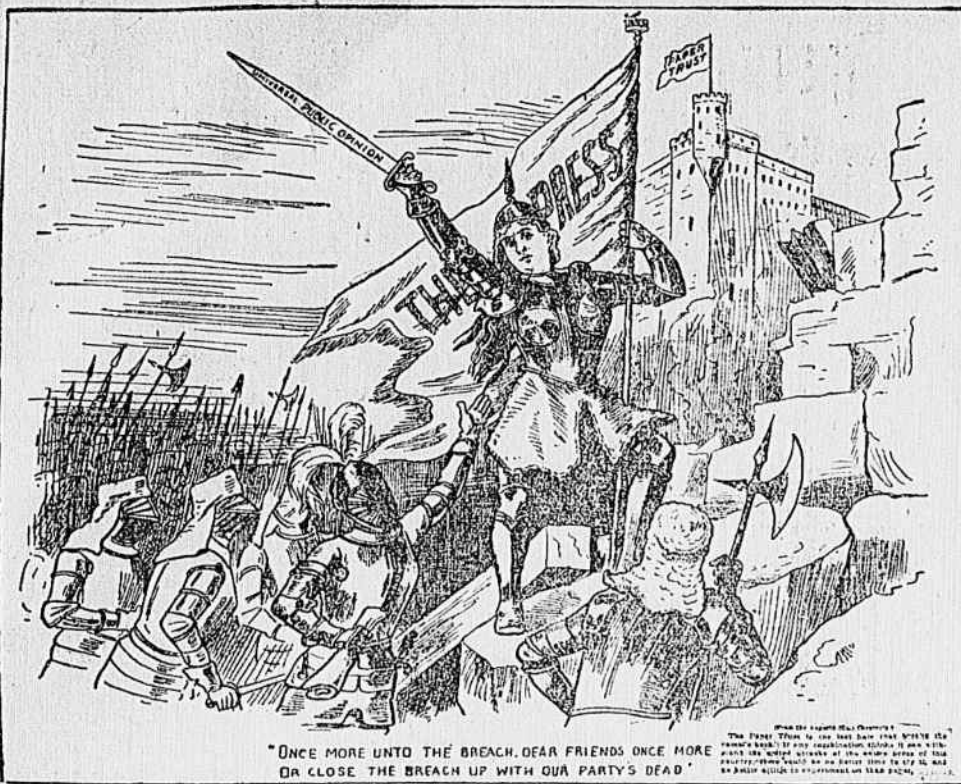

The kind friends who brought news from Atlanta, Ga., that Miss Gwin was married, have since learned that they were misinformed. She is yet single.

The work done on East Brambleton avenue extended under direction of the Street Committee is quite an improvement, both for cleanliness and health.

The Local Board of Improvement will meet to-morrow night at 7 o'clock.

Ladies' Enterprise Society of McKendree will meet this afternoon at 4 o'clock. It is desired that every member be present for a special purpose.

Festival Hall is now the most attractive place in the ward, furnishing day and night rest for eye, mind and palate. Miss Raymond, an elocutionist, made a firm impression last night. Attend to-night and have a delightful time.

Something New in Battleship Construction.

Washington, D. C., Nov. 26.—A new feature in battleship construction was authorized to-day by Secretary Herbert in his approval of a report submitted by the Special Board of Officers, of which Rear Admiral John G. Walker is President, convened to consider plans for the Kearsarge and the other battleships for which provision was made by the last Congress. The matter upon which the Secretary passed, relates to the position of the ram on these vessels. Heretofore the Navy Department has favored the plan of placing the point of the ram five feet six inches below the water line, which was a compromise between the English and the French ideas, the latter placing the ram point on the water line and the British having it 11 feet below as embodied in the United States battleship Texas, which was constructed on English plans. Recently, with reference to the two new battleships, Commodore Searl, commandant of the Brooklyn Navy Yard, made the suggestion that the ram points should be lowered from the present standard of five feet six inches. The idea met with opposition in the Board of Bureau Chiefs, and Secretary Herbert referred the matter to the Special Board. The recommendation of this Board that the point be placed nine feet below the water line was approved by the Secretary.

MRS. N. C. MILLER.

Of Fort Wayne, Ind., writes on Nov. 29, 1894: "I was afflicted for forty years with heart trouble and suffered untold agony. I had weak, hungry spells, and my heart would palpitate so hard, the pain would be so acute and torturing, that I became so weak and nervous I could not sleep. I was treated by several physicians without relief and gave up ever being well again. About two years ago I commenced using Dr. Miles' Remedies. One bottle of the Heart Cure stopped all heart troubles and the Restorative Nervine did the rest, and now I sleep soundly and attend to my household and social duties without any trouble."
